To Whom It May Concern

It is with great pleasure and pride that we write to confirm our long association with Davlin Coatings LLC of California, USA.

Our Company, Amersun (Hong Kong) Limited, formerly Ameron (Hong Kong) Limited, is a supplier of sophisticated high performance architectural and protective coatings to a wide range of customers in Hong Kong, Macau and China.

Davlin's high quality products were first introduced to Hong Kong in 1993 for application to the external walls of a prestigious condominium development on the south of Hong Kong Island in Repulse Bay. To this day, almost 20 years later, the surfaces to which the products were applied are still in excellent condition which typically reflects the quality, reliability and durable nature of Davlin's materials. We are proud to state that from the numerous projects completed to date since the introduction of this Company to the region there has never been one complaint or claim made against Davlin or any of its products.

It is also very important that our customers receive efficient and reliable shipping information and schedules as well as strong technical support wherever that may be needed. We are pleased to confirm that these services are provided admirably and in abundance by the helpful and friendly professionals at Davlin's headquarters in Berkeley, California.

We therefore have no hesitation in highly recommending Davlin Coatings as a reliable manufacturer of quality paint products to any distributor, end user or other potential business partner in any part of the world.

Yours faithfully,

A handwritten signature in blue ink, appearing to read 'Philip Tong', written over a horizontal line.

Philip Tong
General Manager
